

## PMP Course Outline:

| SI NO                                 | Topic                           | Sub Topic   |
|---------------------------------------|---------------------------------|---|
| Lesson01                              | Creating A High Performing Team | Build A Team  |
|                                       |                                 | Define Team Ground Rules  |
|                                       |                                 | Negotiate Project Agreements                                    |
|                                       |                                 | Empower Team Members And Stakeholders                           |
|                                       |                                 | Train Team Members And Stakeholders                             |
|                                       |                                 | Engage And Support Virtual Teams                                |
|                                       |                                 | Build Shared Understanding About A Project                      |
| Lesson02                              | Starting The Project            | Determine Appropriate Project Methodology/Methods And Practices |
|                                       |                                 | Plan And Manage Scope   |
|                                       |                                 | Plan And Manage Budget And Resources                            |
|                                       |                                 | Plan And Manage Schedule  |
|                                       |                                 | Plan And Manage Quality Of Products And Deliverables            |
|                                       |                                 | Integrate Project Planning Activities                           |
|                                       |                                 | Plan And Manage Procurement                                     |
|                                       |                                 | Establish Project Governance Structure                          |
| Plan And Manage Project/Phase Closure |                                 |   |
| Lesson03                              | Doing The Work                  | Assess And Manage Risks   |
|                                       |                                 | Execute Project To Deliver Business Value                       |
|                                       |                                 | Manage Communications   |
|                                       |                                 | Engage Stakeholders   |
|                                       |                                 | Create Project Artifacts  |
|                                       |                                 | Manage Project Changes  |
|                                       |                                 | Manage Project Issues   |
|                                       |                                 | Ensure Knowledge Transfer For Project Continuity                |
| Lesson04                              | Keeping The Team On Track       | Lead A Team   |
|                                       |                                 | Support Team Performance  |
|                                       |                                 | Address And Remove Impediments, Obstacles, And Blockers         |
|                                       |                                 | Manage Conflict   |
|                                       |                                 | Collaborate With Stakeholders                                   |
|                                       |                                 | Mentor Relevant Stakeholders                                    |
|                                       |                                 | Apply Emotional Intelligence To Promote Team Performance        |
| Lesson05                              | Keeping The Business In Mind    | Manage Compliance Requirements                                  |
|                                       |                                 | Evaluate And Deliver Project Benefits And Value                 |
|                                       |                                 | Evaluate And Address Internal And External                      |
|                                       |                                 | Business Environment Changes                                    |
|                                       |                                 | Support Organizational Change                                   |
|                                       |                                 | Employ Continuous Process Improvement                           |
